Gregg O'Neill, Entrepreneur

A Special Thanks to the STN

STN has proven the benefits of NETWORKING to me as I am progressing toward the launch of my project to develop and manufacture a different type of antenna called a Quadrifilar Helical Antenna or (QHA) for use by Amateur Radio operators to communicate through Orbital Satellites Carrying Amateur Radio (OSCAR). The idea is to utilize my experience (Gregg O'Neill) in QHA technology for the amateur radio market.

Friday's Speaker

Richard Gillmor

Richard Gillmor is a two-term Mayor of Sebastian and current City Council member. Most of his life, he operated his own small business, and knows how hard small business owners have to work, to make a go of it. Working 60 to 70 hours a week doesn't leave much time for extra-curricular activities. It wasn't until he retired, that he had time to get involved with local politics. He ran for office in 2008 and was elected to the City Council. Richard was also chosen as Mayor for 2009 and 2010. He also served as chairman of the Treasure Coast Council of Local Governments, made up of County Commissioners, City Council members and School Board members from Martin, St. Lucie, Okeechobee, and Indian River counties. For the last two years he has served on the Board of Directors of the Florida League of Cities, and was President of the local chapter of the Treasure Coast Regional League of Cities. [Read More](#)

Richard will speak on Energy Independence at Friday's STN meeting.
