The schedule for STN Newsletter distribution is twice a month on the first and third weeks of the month.

"How To" and motivational articles on the job search process will be on the first week of the month.

Meeting Notices

**ANNOUNCEMENT
- UPDATE -**

We continue to work diligently to affect changes in our approach to reach out and communicate with our members. As changes are developed in the coming months they will be announced in upcoming newsletters.

We will be announcing any special meetings including time and place as we develop internal programs and those in partnership with other organizations and institutions.

Our newsletter continues the monthly series of "How To" and motivational articles on the job search process.

The STN WEB site and Member Discussion Forums/Bulletin Board

continue to be your best source to keep up to date with information on job opportunities as we build our member database profiles.

As we expand our reach through contacts with employers and other organizations you are encouraged to update your profile to be included in the STN Database. The data base is a tool that is at the heart of STN and our ability to be a source of job opportunity notifications and developmental information programs for members looking for job opportunities and companies looking for potential employees.

We are presently looking for volunteers for the upcoming 44th Space Congress which will be held on May 2016.

These positions **do not** need to be filled by only one member. Multiple members can work together to handle the various duties of these positions.

If anyone is interested in these opportunities, please contact:
